Find a topic of interest

- **Brainstorming**—are there things that you found interesting in the news and want to know more about?
- Everyone take turn to **share** your ideas with your team.
- Don't be afraid to go out of your comfort more.
- **Opportunity** to learn something **new**!
- Find a **consensus** so everyone is happy with the topic!

Working in a team

A team is only as strong as its weakest link...

- Think of **content** of presentation. Come up with interesting areas to read/work on.
- Distribute workload equally and fairly.
- **Focus on concepts and ideas** rather than technical details.
- Make sure there is **no unnecessary overlap** in content between speakers.
- Spend time on making your slides.
- Equally important is how you're going to deliver the content.

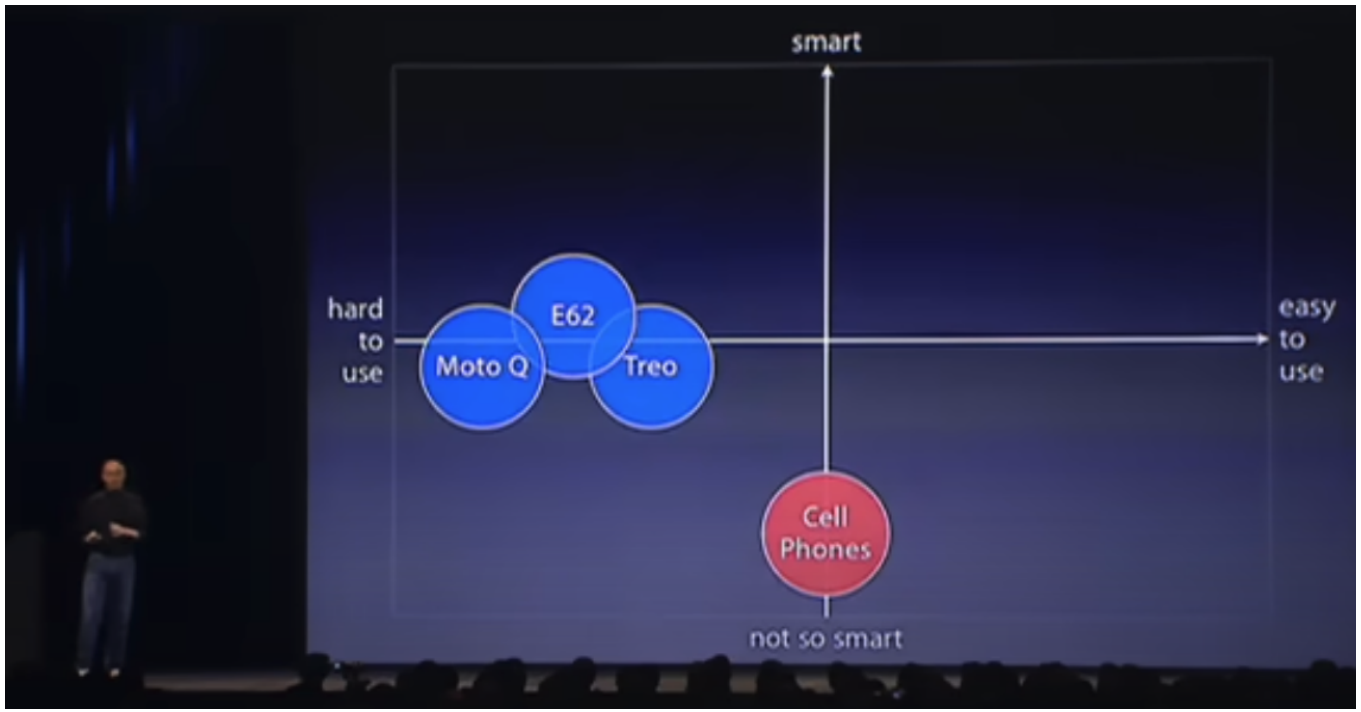
Style of slides

"Variety is the very spice of life, That gives it all its flavour"

– William Cowper

- There is no one style for presentation!
- Feel free to innovate!
- Think of all the lectures/seminars you have enjoyed in the past...learn from them!
- Experience is your best teacher.
- **Find what works and what doesn't work for your own presentation**.
  ▷ Do you prefer to spend 1min/slide or 2mins/slide? Design slides accordingly.
  ▷ Do you prefer lots of words?
  ▷ Use visual aids?

Style of slides

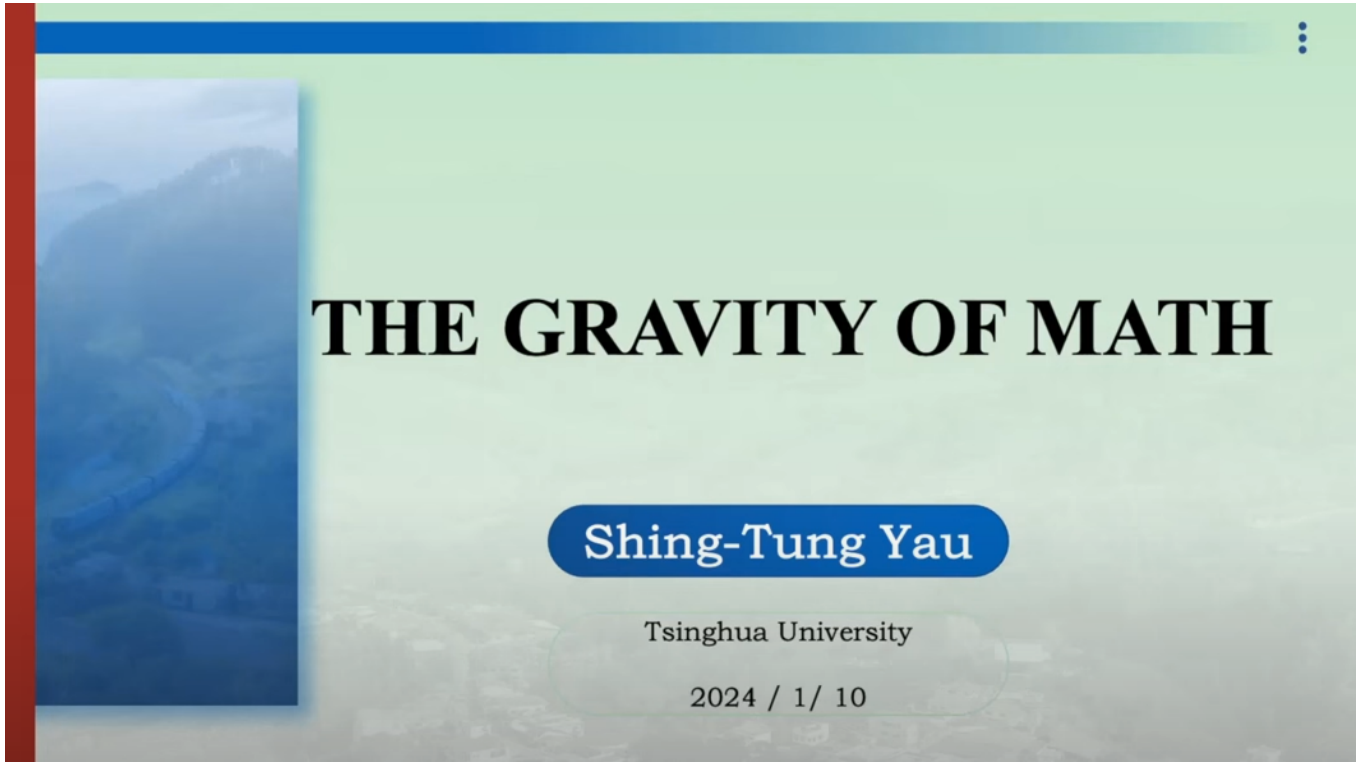


Steve Jobs – iphone

Style of slides

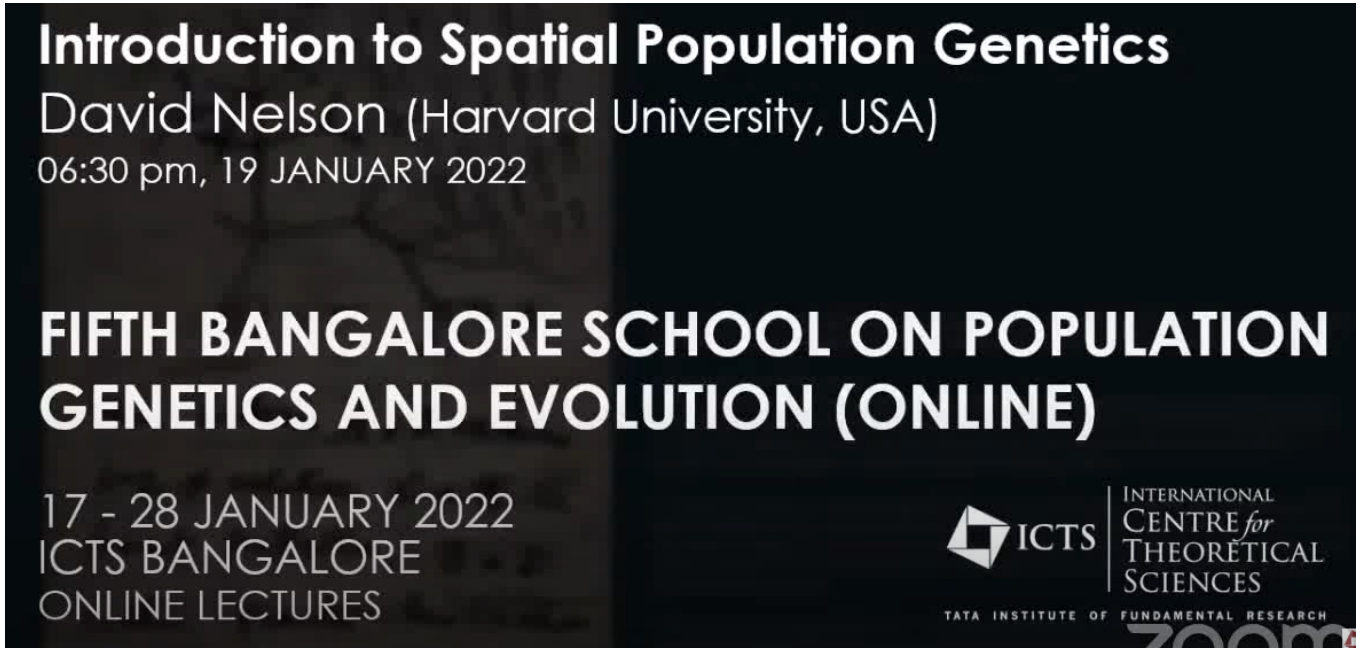
Tim Cook – Vision Pro

Style of slides



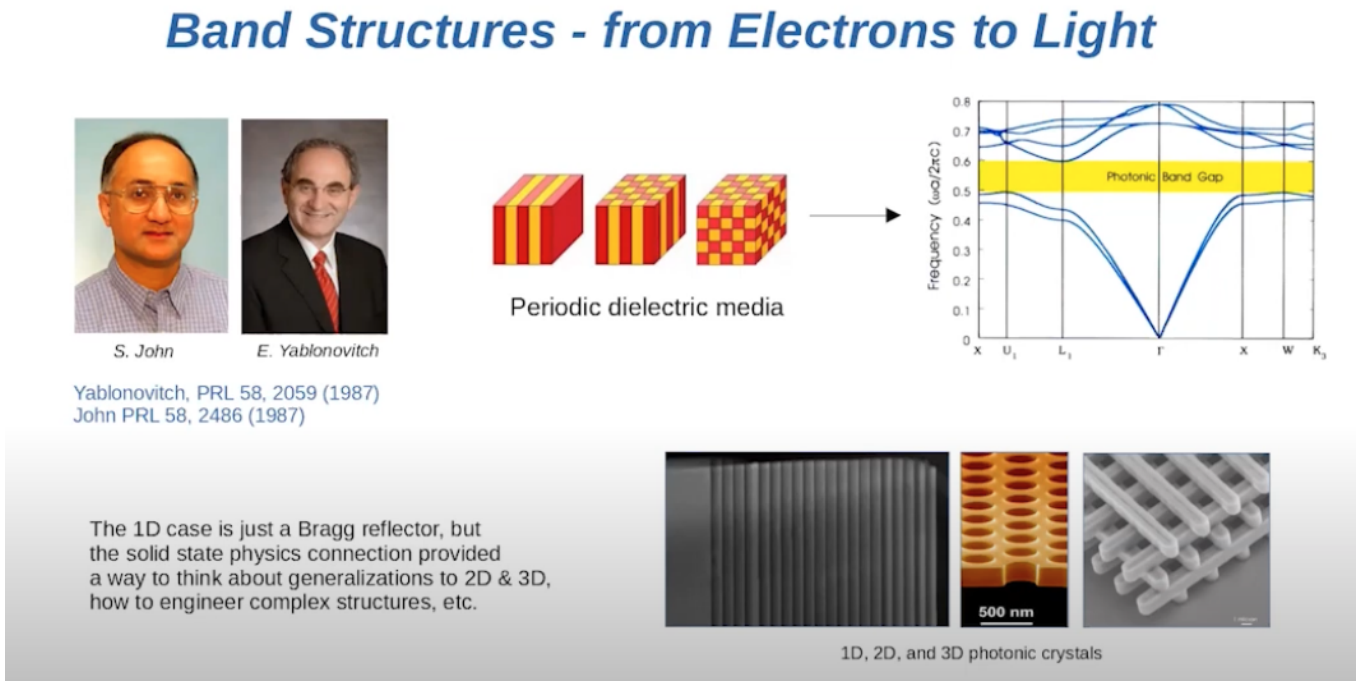
Shing-Tung Yau - The Gravity of Math

Style of slides



Lecture by David Nelson

Style of slides



NTU Discovery Science Seminar

Give your best shot

When you reflect on your trip many years from now, will you still remember this presentation?

- Make this presentation one of the **highlights** of your trip to Singapore.
- **Content:** spend time on making your slides.
- Content is diminished without good delivery - **Content & Delivery are both important!**
- Practice, practice, and practice.
- Give your best shot and leave no regrets.

Judging Criteria

The grading for the presentation will be based on:

- Structure/ Content your understanding of the topic and ability to answer questions.
- Delivery: every student should present at least a part of the materials, e.g., 15mins presentation, group of 3, then $\sim$ 5mins per student.
- Make content interesting and understandable!

STRUCTURE / CONTENT (30)	
Introduced topic clearly	
Demonstrated knowledge of topic	
Organized the main points well
